

SOCIALIST REVOLT BREAKS OUT IN ITALY

FIRE FLIES AT LIBEL HEARING IN CITY COURT

Oratorical Outbursts, Near Fights and Graft Charges Feature Hearing

BRINTON TO CLOSE CASE

State Rests, Langer Asserting Criminal Libel Case Made Against Brinton

Frequent oratorical outbursts, near fist-fights, word battles and charges of graft and embezzlement marked the preliminary hearing before Police Magistrate Howell in which J. W. Brinton was charged with criminal libel on A. C. Townley and William Lemke.

Brinton was acting as his own attorney. Refused in attempts to ask certain questions of F. W. Cathro, director-general of the Bank of North Dakota, and L. P. McAnaney, credit department manager. Brinton broke out in oratorical flights, rested his case and will make a speech in his own behalf Monday evening.

Some serious charges made by Brinton during his many speeches remained unanswered in particular through his charges of graft and embezzlement of funds in the Bank of North Dakota were met with flat denials by Mr. Cathro and Mr. McAnaney.

Impugning List

Brinton, just before the close of the hearing, shortly before noon today, which was held in police headquarters in the basement of the city hall, gave to the magistrate a list of witnesses he wanted summoned to testify in his defense. His list included Governor Frazier, A. C. Townley, Wm. Lemke, H. J. Hagen, of the Scandinavian National Bank of Fargo, J. F. Hastings, Thomas Allen Box, James Gray, H. A.addock, W. G. Johnson, Ray Craig, state manager of the Nonpartisan League, the editor of the Courier-News, the foreman of the mechanical department of the Courier-News, and added that he wanted to take depositions of people outside the state.

However, when Police Magistrate Howell held some of his questions were improper, he rested his side of the case, all except another oratorical flight.

Some of the charges he made during the hearing were:

That individuals interested in the Bank of North Dakota received benefits from the depositing of large sums of money outside the state.

He said he would later on show embezzlement and false payments of money.

He said he had letters from the former transit manager in which he said it was stated that entries were changed and put on the books with out any apparent reason.

That Cathro paid money to men denounced by Townley as crooks and embezzlers.

That Cathro received a benefit from depositing millions of dollars in Twin City banks during the first part of April, 1920.

What Cathro Said

Mr. Cathro, on the witness stand, admitted that millions of dollars was deposited in the out-state banks during the period named, but denied there was anything irregular in the practice. He said it would have been bad banking practice to do otherwise—that the money was held only temporarily until it could be paid out to the bank and that to put it in North Dakota banks and then withdraw it in a very short time would embarrass North Dakota banks.

Brinton elicited the information that North Dakota banks pay 4 per cent on daily balances on funds from the Bank of North Dakota while the Twin Cities banks pay but 2 per cent.

The hearing began about 5 o'clock last evening, continued until 7 p. m. and lasted from 9 a. m. today until about noon. William Langer, Attorney General, who appeared against Brinton, charging criminal libel, prosecuted the case. W. A. Anderson, secretary of the Industrial Commission, appeared as attorney for the Bank of North Dakota.

State Rests

Langer rested his case after Cathro and McAnaney made denials of crookedness in the bank. The interruptions and arguments over procedure were so frequent that it took an hour last evening to get the brief questions to Cathro. Anderson, as attorney for Cathro, insisted questions but after argument allowed him to proceed.

Brinton, at the outset, asked that the case be dismissed unless the good Townley and Lemke were shown. This was held not material by the court. Both Anderson and Langer agreed this morning that this was not essential.

Wants the Records

Brinton renewed a demand made yesterday that he have access to the records of the Bank of North Dakota, which, he said, were necessary to prove his case. Anderson and Langer declared he had the right only to any particular record to prove a particular point. The judge upheld this contention.

When the judge held that he must confine his questioning of Cathro, who was on the witness stand, to specific matters Brinton tried to explain what he was driving at.

I want to show that funds were transferred from the Bank of North Dakota to an institution in which Wm. Lemke was interested. If I

MACSWINEY HAS REACHED GRAVE POSITION NOW

League Official Says Body Has Been Dead for Several Days

FAMILY NOT SUMMONED

London, Sept. 11.—The condition of Terence MacSwiney, Lord Mayor of Cork, who has been on a hunger strike at the prison here was this afternoon reported to have reached the gravest stage yet recorded, according to the bulletin of the Irish Self Determination League.

He appeared to have completely collapsed and at times his mind seemed to be getting dull, though his body has been virtually dead for several days," one of the league officials remarked.

May Not Mean End

Despite the fact that this is the thirtieth day of his hunger strike the Mayor's mind heretofore has been remarkably clear, although at numerous times he has sunk to low physically that he could not speak. It was said the Mayor's collapse did not necessarily mean that the end might be expected immediately.

The members of the family have not been summoned as yet by the authorities, as it was understood would be the case if it was believed he had reached the last stages.

45 DAYS RECORD

New York, Sept. 11.—Certified copies of scientific records show instances where persons have under one voluntarily fasting from 1 to 45 days without injurious effects. Some of the fasters were professional, but many voluntarily abstained from eating for purposes of scientific research into the effects of prolonged fasting.

The longest officially recorded and authorized fast for scientific purposes is that of Succ, the Italian professional faster, who fasted in the laboratory in Boston. His fast began Nov. 6, 1890 and lasting 45 days. The man suffered no ill effects, the report said, though he had previously undergone 6 previous fasts in Europe, ranging from 20 to 40 days each.

ISOLATION NOT G. O. P. POLICY, COOLIDGE SAYS

History, Platform and Assurance of Candidates Refute Charge, Nominee Declares

Portland, Me., Sept. 11.—The assertion that the Republican party stands for a foreign policy based on a recognition of the fact that the United States is not isolated, was made here last night in an address by Governor Calvin Coolidge of Massachusetts, Republican candidate for vice president.

"By its history, by its platform, by the solemn assurances of its candidate it completely refutes the charge," he said.

The address was delivered at a rally held in connection with the state campaign for the election of state officers and congressmen next Monday. Discussing the refusal of the United States senate to ratify the Peace treaty with the covenant of the League of Nations as submitted by the President, Governor Coolidge said:

"In general the objection was the reluctance to incur either legal or moral obligations binding our government to act in accordance with decisions not made by itself. It was the desire to retain unimpaired the traditional policies, like the Monroe doctrine, and the independence of action of America."

Discussing reservations adopted in the senate, he said that the President had rejected them and that Governor Coolidge had announced that he favored "going in." The Republican party, on the contrary, he added, by its history, by the record of its senators who "twice voted to ratify the league with reservations," by the declaration of its platform approving the conduct of its senators, and by the statement of Senator Harding, was not opposed to the principle of the League of Nations.

SEEK RAISE IN EXPRESS RATES

The state railroad commission late yesterday heard the application of the American Railway Express company for an increase in intrastate express rates and in addition a 100 per cent increase sufficient to cover the increase in labor cost, caused by the railway labor board's advance in pay to express employees.

SLEEP SICKNESS CURE SAID FOUND

Saratoga Springs, N. Y., Sept. 11.—Discovery of the cause of "sleeping sickness" was reported today by Dr. S. Welch of Columbia University to the state conference of health officers and public health nurses, in session here. The origin, he said, was found to be filarial worms, which in experiments has transmitted the disease from man to monkeys.

BABY-FALLS FOUR STORIES; UNHURT

New York, Sept. 11.—Charles Darwin, when he said the struggle for existence results in the survival of the fittest, for, of one essential element—luck.

Proof of this oversight was supplied today by an infant member of New York's east side tenement dwellers. When Mrs. Joseph Veeho, the baby's mother, saw him fall from a fourth story fire escape last night she ran out panic stricken expecting to see him crushed to death. Instead, however, she found the child happily gurgling in a cribbed baby carriage in which he had landed unharmed.

WESTERN TRIP BY HARDING IS CONTEMPLATED

Will Go to Pacific State, Speaking in States Where Senators Are to Be Elected

Marion, O., Sept. 11.—Senator Harding's campaign plans as they are now under serious discussion by party leaders contemplate a speaking trip by the nominee to the Pacific coast with addresses in all the western states where senators are to be elected.

In addition it is expected Senator Harding will make four or five speeches in the east late in October. The western trip would start late in September and probably would include Indianapolis, Chicago, Louisville, St. Louis, Omaha, Boise City, Salt Lake, Spokane, Seattle, Portland, San Francisco, Los Angeles, Salt Lake City, Denver, Oklahoma City and a number of other places.

LEAGUE PAPER BUREAU HEAD IS SUMMONED

Banking Board Takes New Action to Air Stock-selling System in State

The Publishers National Service Bureau, which was organized to acquire and control Nonpartisan League newspapers in this state, is to come before the State Banking Board after a session of the board, at which the members, Governor Frazier, Thomas Hall and William Langer, were present, it was agreed that he manager of the bureau should be summoned before the board on September 21.

A majority of the board previously had ordered O. E. Loftus, state bank examiner, to serve summons on the officers of the bureau through a sheriff. He refused to do it.

Loftus received new instructions, a new uncertain terms, is said, to carry out the bureau's order.

The board will investigate to find out if the service bureau has been violating the Blue Sky law by selling stock without a permit in the farmers' newspapers, or violated the law in any other way.

William Lemke, it is understood, will not be asked to appear. He is generally known as the controlling force in the bureau. The "manager" will testify.

EMPLOYEES ACCEPT REDUCED WAGES TO AVERT TIE-UP

Philadelphia, Sept. 11.—Two hundred employees of the Herbert Hosiery mills at Conshohocken, Pa. have agreed to accept a 10 per cent reduction in wages so that the mills will not close, according to an announcement by L. S. Herbert, head of the concern.

"If the workers had not agreed to accept the reduced pay," Mr. Herbert said, "We would have been compelled to stop work entirely. All our employees are girls. Some of whom received as much as \$52 a week."

Many hosiery mills in the Conshohocken and Norristown districts have been closed indefinitely. It is said to cancellation of orders.

LINTON PUSHES HIGHWAY PLANS

Linton, Sept. 11.—Plans are under way for some effective government road work next year. It is certain that the government road will be completed to Linton from a point four miles north in the spring. In addition, there will be nine miles of graded out in from Hazelton in the direction of Moffit. This will cover most of the bad road between those towns.

Arrangements are also being made to continue the government road south of Linton. It will go south of town to a point north of the park and then directly south, crossing the creek near the main park. A bridge will be put across the creek. There will be a bridge across a straight road to the state conference of health officers and public health nurses, in session here. The origin, he said, was found to be filarial worms, which in experiments has transmitted the disease from man to monkeys.

NEW HEARING ON RAILROAD RATES MAY BE ORDERED

Supreme Court Is Considering Action to Be Taken in Intrastate Increases

OFFICIALS NOT PRESENT

Failure to Comply Formally With Law May Be Grounds for Another Hearing

The state intrastate railroad rate case may be tried all over again. The supreme court today was debating the action it will take on the plea of William Lemke, acting as special assistant attorney general, that the order restraining the railroads from putting into effect the 35 per cent freight rate increase and the 20 per cent passenger rate increase be made permanent.

If the court holds as was indicated by some members during discussion from the bench, that the railroad commission had not complied with the mode of procedure in arriving at its conclusion, it is expected that a new hearing on the increases will be held and a new order made.

New Affidavits

The case, on this point, took a sudden turn of affairs during yesterday afternoon's hearing. After affidavits of Commissioner C. J. Dupuis and S. J. Aandahl had been produced in their behalf to show that the rate increase was agreed upon at a conference of them and Frank Milholl, member of the commission, Lemke produced an affidavit, made during the noon recess by Aandahl in which he said that no motion was formally made at the conference and that while he hadn't read the transcript in the case he thought that under the Esch-Cummings act, the commission must grant the increase. He also produced the affidavit of J. H. Calderhead that the minutes showed no formal motion of action by the commission.

Waiting for Hearings

Although Aandahl declared that all members were favorable to the increase, Lemke argued that since the action, according to the records of the commission, was not in accord with statutory procedure, the action of the commission was void.

At the hearing August 12 only Commissioner Dupuis was present. Mr. Lemke declared the state was not represented at the hearing on August 12. Lemke was a special assistant attorney general at the time of the hearing, but was not present. W. A. Anderson, secretary of the Industrial Commission, also was notified of the hearing but was not present, and J. A. McGovern, of the mill and elevator association was notified, but was not present.

During the argument Lemke also attacked the reasonableness of the intrastate rates, and declared the court had original jurisdiction in such a matter. This was countered by Justice Robinson, but during the discussion the justice said that the only thing, apparently, for the court to decide was if the mode of procedure of the commission was correct.

An affidavit of E. Moore, traffic manager of the Equity Packing plant, Fargo, was to the effect that intrastate rates in North Dakota are much higher than in Minnesota, giving Minnesota business firms an undue advantage.

Lemke said that he was willing for a 35 per cent increase in freight rates, based on the 1919 maximum freight rate law. The increase now is based on the wartime rates.

MCADOO OPPOSES LIGHT WINES AND BEER, HE STATES

New York, Sept. 11.—William G. McAdoo, former secretary of the treasury, who is to campaign for Governor J. M. Cox today said he strongly favored the prohibition amendment and opposed modification of the Volstead act.

"Prohibition means prevention," said Mr. McAdoo. "It does not mean license in any form. To permit sale of light wines and beers is to open a Pandora's box of evil, and once the crack is open the door is wide. It will be impossible to administer such a wide law in a manner to prevent the gravest abuse."

"I know from experience as secretary of the treasury that no law which provides a certain percentage of alcohol can be successfully enforced."

VOLSTEAD AND KVALE BOTH OUT

St. Paul, Sept. 11.—The disqualification of Rev. O. G. Kvale, as Republican nominee for Congress in the seventh district by the Minnesota supreme court was followed today by the disqualification of Congressman A. J. Volstead, as the nominee. Volstead had been declared the qualified nominee by the district court.

In the county of Durham, Eng. is an old custom to give fruit cake and cheese to the first person met on the way to the church by a Christian party.

The carp in Japan is the recognized symbol of health and long life.

FRENCH POLICE BEGIN INVESTIGATION OF DEATH OF OLIVE THOMAS, ACTRESS

Permit for Embalming of Body But Have Not Sanctioned Removal to United States—Sinister Rumors of Plots Are Heard

Paris, Sept. 11.—The French police have begun a thorough investigation into the death of Olive Thomas, motion picture star, who succumbed to poison taken by mistake several days ago. The authorities have issued a permit for the embalming of the body, but have not sanctioned its shipment to the United States on the steamship *Maritima* sailing from France Sept. 18.

An investigation is also being made by the police of the sinister rumors of plots that have been afloat in the American colony and among the habitués of the French underworld during the past week.

Last night at the prison here the police were closely questioning a man named Baldwin, said to be a former American army captain, who was sentenced to six months in prison last Monday for selling cocaine.

LA FOLLETTE'S MEN WILL FACE FIGHT IN FALL

Wilcox Takes Step to Gain Elimination Candidate Against Successful Candidates

Madison, Wis., Sept. 11.—In an effort to defeat the La Follette candidate for Governor and Lieutenant Governor, J. J. Blaine and C. J. Connelley, successful in gaining the Republican nomination at Tuesday's primary, Senator Roy P. Wilcox, defeated gubernatorial candidate today telegraphed all candidates for these two offices asking them to participate in a conference at this city to determine upon a candidate for Governor and one for Lieutenant Governor to run independently at the November election.

No definite date was set for the meeting, but the telegrams invited an early reply to the proposal. The time the conference is to be held apparently will depend upon the speed with which the men solicited accept or decline to take action.

There were six candidates for the Republican nomination for governor.

NEW ROCKFORD MOTION DENIED

The supreme court this afternoon denied the motion of representatives of New Rockford, asking that the judgment rendered in the case of state ex rel. Bauer four years ago be vacated. The New Rockford representatives contention was that if this judgment were vacated, the petitions filed four years ago by New Rockford people in an effort to get before the people at an election the proposal to move the state capital from Bismarck to New Rockford would be valid and the matter would go on the ballot this fall.

Representatives of New Rockford are expected to continue their fight by demanding that the Secretary of State place the matter on the ballot on the petitions now on file.

SUFFRAGE TEST SEEN IN GEORGIA

Atlanta, Ga., Sept. 11.—Georgia may furnish the first test of the Nineteenth amendment to the federal constitution. Denied the right to ballot in yesterday's election, Mrs. Mary L. McLendon, a suffrage worker, has appealed to Secretary of State Colby for instructions.

HOGS AND CORN BRING PROFITS

Agricultural College, N. D., Sept. 11.—While corn usually is considered not as a money crop but one to clean up the land, yet the North Dakota Agricultural college received a return of \$45.51 per acre by using 48 shotes to hog off 16 acres of flint corn in 1918, according to J. H. Shepperd of the experiment station.

The hogs were turned in the field September 6, when they averaged 109 pounds in weight, and left there until Nov. 12, making an average gain of 91 pounds, or a gain of 281.75 pounds per acre. They were marketed at 16.31 cents, which, allowing for shrinkage, gave a return of \$45.51 per acre.

SOLDIERS ARE VICTIMS WHEN RIOTERS SHOOT

Casualties Also Reported Among Socialists During the Shooting

TROOPS RESTORE ORDER

Two Hundred Chemical Workers in Milan Hoist Red Flag Over Plants

Trieste, Sept. 11.—A socialist revolt, in which barricades in the streets and artillery, warships, machine guns and bombs were freely employed between the rioters and the military, broke out here yesterday afternoon. Italian troops and naval forces succeeded in completely restoring order by 8 o'clock.

Troops are patrolling the streets and a destroyer stationed in the harbor commands the Republic square. The fighting was sharp while it lasted. The socialists, who were well armed, challenged the troops to attack their barricades.

Both sides opened fire and several heavy volleys were exchanged. Several soldiers were wounded and there were a number of casualties among the socialist forces.

Governor Makes Threat

As evening approached the military threw artillery into position and prepared for a concerted attack. Before this was delivered, however, Civil Governor Mosconi sent an ultimatum to the socialist leaders ordering them to withdraw from the streets.

The leaders of the revolt ultimately decided to bow before the Governor's threat of more drastic measures and the rioters tore down their barricades, indicating they had abandoned the fight and fell back from the street.

The destroyer which played a part in the action to put down the revolt arrived in the harbor during the afternoon and anchored immediately facing the public square.

HOIST RED FLAG

Milan, Italy, Sept. 11.—More than 200 chemical works were occupied at 200 signal late yesterday and the red flag hoisted above on banners issued by the Chamber of Labor. Chemical plants were occupied simultaneously, the movement being carried out following a signal of three blasts on a large siren.

Immediately afterward the red flags and banners bearing the Bolshevik emblems of the hammer and scythes were hoisted above the buildings. The workers obeyed the order received from the Chamber of Labor.

Despite the fact that they were recently granted wage increases ranging from 60 to 70 cents a day.

The Chamber of Labor in explanation of the seizure of the chemical works declared that the move was not in the nature of a real occupation of the plants, but simply a means which was necessary to guarantee the workers the tools to provide needed industrial products.

CONFERENCES FAIL

London, Sept. 11.—Conferences at Milan, Italy, between employers and representatives of metal workers were asking in results, according to a dispatch from that city to the London Times. It appears, however, that the extremists have now given up.

Workshops at Milan, which have been fortified and made revolutionary centers, says the Milan correspondent of the Herald, organ of labor. Each plant has been manned by guards armed with rifles and bombs. There are 2,000 of these block houses flying the red flag, defended by 400,000 men, it is said.

REPAIR TRACK ON STATE LINE FOR WINTER USE

Work of repairing the street car track on Fourth street has begun, in accordance with a request made of the state by the city commission.

Plans are to put in new ties from Fourth and Thayer streets to the end of the pavement near the statehouse, to connect the rails and the pavement, and to cement all cracks and to cement between the tracks on the remainder of the line next spring.

The tracks also will be raised. With the tracks raised a snow plow can be operated in the winter and, it is believed, continuous service furnished by the line for employees of the statehouse.

FARMERS PROTEST CREDIT DENIAL

Washington, Sept. 11.—Representatives of farmers and live stock raisers are protesting to the Federal Reserve board, according to a statement issued today by the Farmers National Union, against the credit restrictions which the Federal Reserve board has placed on the production of live stock.

The Union complains that the Federal Reserve board has placed a heavy burden on the large number of small producers and dealers in the live stock industry.

FOOT BALL MEN START PRACTICE THURSDAY NIGHT

High School Eleven Begins Workout for Season—Three Old Men Back on Squad

NEW COACH FOR TEAM

Season's Schedule Not Arranged as Yet; Freshmen Get Chance for Workout Tonight

The Bismarck high school team started practice at the capital ball park Thursday evening. While it is yet too early in the season to predict victories or defeats for the coming year, there is much confidence to be gained by remembering that the team won three games out of four last year and the fact that their new coach, H. E. Aseltine, knows football and has turned out some very successful teams during the past four years.

Letter Men Back

Or last year's team three men reported last night. Phil Boice, who distinguished himself in last year's games, is captain for the team this year. Chuck Moses, last year's quarter, is back again and ready for the season's battles. Bob George, center of the winning squad in 1919, is on the grid from this fall. The chances are that he will play half this year.

The Squad

The notice for practice was given so late on Thursday afternoon that the majority of the freshmen contestants for places on the squad were not out for practice. Therefore neither the coach or the captain really know what the first year's class offers in the way of football material. Tonight's practice will bring out the yearlings and allow the coach to size them up.

The men who reported last night included, Scraggins, Ringler, Kludt, Livdahl, Hassel, Taylor, Flow, and Jack Burke.

Chuck Burke, member of last year's team, will not be able to play this year, as he was only recently discharged from the hospital following an operation for appendicitis.

The Coach

The new coach for this year, H. E. Aseltine, is not unknown to Bismarck people. Three and four years ago he coached the basketball team at Casselton, which met the local team in a number of stiff games.

Mr. Aseltine is a graduate of Albion college, the foremost college in Michigan, and played football on their teams. Last year he was coach for the De Paul football team at Chicago "prep" school. This team made an enviable record around the Windy City, going through the season undefeated, being scored on until the final game, played in the east.

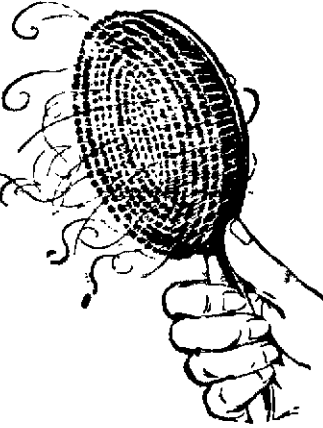

The De Paul team had clear claim to the city high school championship, defeating all comers in six games. The team then went east to meet a Boston team for the championship of the Catholic preparatory school of the country, but lost by a close margin, there on a strange field.

The Schedule

The schedule for the season has not been arranged as yet, though it is probable that it will include games with Bismarck's old opponents, Dickinson, Mandan, and Jamestown. Preliminary work of fixing up the games has been undertaken but it is yet too early to say when the first game will be played.

"DANDERINE"

Stops Hair Coming Out
Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

The minimum age limit for membership in the Knights of Pythias having been reduced from 21 to 18, an era of expansion in the lodge is expected over the entire country.

Officers of the local lodge, St. Elmo No. 4, are preparing to expand in conformity with the general plan announced by the Supreme Council. The local lodge will hold a smoker and general get-together meeting in October, and a business meeting will be held at the same time. There are several transfers waiting to be acted upon, and several applications are on file.

L. M. Sather is chancellor commander, George T. Humphrey is vice-chancellor and J. N. Forister is keeper of records and seals of St. Elmo lodge. During the war, according to a bulletin to members, St. Elmo was represented in the service by 25 members, paid out \$270.00 for the relief of families of members and bought \$1,000 Liberty bonds.

The change in the age limit is a recognition of the sacrifices made by young men during the war. The bulletin says:

"Since the order was founded, membership has been restricted to white male persons not less than 21 years of age and under 50, except that persons over 50 might be accepted as members by dispensations. But out of the great world war many lessons came of a nature calculated to change the old order of things, not the least of which was the idea born of the tremendous struggle and was participated in by the best blood of the nation's young manhood that youths of 18, 19 and 20 years of age are fully capable of meeting responsibilities and discharging life's obligations with a fidelity equal to those of few years their senior. The alacrity with which the younger boys of the nation sprang to arms at the call of country in defense of its honor and for the preservation of its institutions afforded incontrovertible proof that one does not necessarily have to be of legal age in order to be of real service in time of stress and need."

LABOR LEADERS SENT TO JAIL

Minneapolis, Sept. 10.—Special police officials of the Trades and Labor assembly, Lynn Thompson, Leslie Hinton, R. D. Cramer and Dan W. Stevens were arrested and confined in the county jail yesterday, to serve terms of six months each for violation of the Wonderland theatre injunction. They had refused to pay fines of \$125 each assessed for the benefit of the plaintiff, John J. Campbell, proprietor of the theatre.

SAY MACSWEENEY IS IN GREAT PAIN

London, Sept. 10.—Terence MacSweeney, Lord Mayor of Cork, passed a bad night in Brixton prison where he is continuing his hunger strike which began August 12, says a bulletin issued this morning by the Irish self-determination league. He is suffering great pain in his arms and legs.

K. OF P. LODGE PREPARING FOR BIG INCREASES

Get-together Meeting Will Be Held by St. Elmo Lodge in October

AGE LIMIT REDUCED

The minimum age limit for membership in the Knights of Pythias having been reduced from 21 to 18, an era of expansion in the lodge is expected over the entire country.

Officers of the local lodge, St. Elmo No. 4, are preparing to expand in conformity with the general plan announced by the Supreme Council. The local lodge will hold a smoker and general get-together meeting in October, and a business meeting will be held at the same time. There are several transfers waiting to be acted upon, and several applications are on file.

L. M. Sather is chancellor commander, George T. Humphrey is vice-chancellor and J. N. Forister is keeper of records and seals of St. Elmo lodge. During the war, according to a bulletin to members, St. Elmo was represented in the service by 25 members, paid out \$270.00 for the relief of families of members and bought \$1,000 Liberty bonds.

The change in the age limit is a recognition of the sacrifices made by young men during the war. The bulletin says:

"Since the order was founded, membership has been restricted to white male persons not less than 21 years of age and under 50, except that persons over 50 might be accepted as members by dispensations. But out of the great world war many lessons came of a nature calculated to change the old order of things, not the least of which was the idea born of the tremendous struggle and was participated in by the best blood of the nation's young manhood that youths of 18, 19 and 20 years of age are fully capable of meeting responsibilities and discharging life's obligations with a fidelity equal to those of few years their senior. The alacrity with which the younger boys of the nation sprang to arms at the call of country in defense of its honor and for the preservation of its institutions afforded incontrovertible proof that one does not necessarily have to be of legal age in order to be of real service in time of stress and need."

MURDER CONFESSION FOLLOWS VIEW OF BODIES

New Rockford Case Is Cleared Up—Will Claim It Was Accidental

New Rockford, N. D., Sept. 10.—When forced to view the remains of Angelo Meggo, Italian laborer killed early Sunday morning, George Laatham, 19, and H. Jackson, 23, two of five suspects under arrest broke down and made a confession of the robbery and murder, authorities announced today. The other three are said not to be implicated.

Meggo, age 28, was enroute from Colby, Mont., where he had been working in the harvest fields. Early Sunday morning on a freight train at Dundas, a small town near here, he was robbed, according to his own story by five men, of \$75 in cash and silver watch, shot through the abdomen and thrown off the train. He crawled to a store in Dundas and was taken to a New Rockford hospital where he died at noon. Before dying he gave a meager description of the "five who robbed him." A deputy sheriff at Casselton took five men answering the description from an incoming freight and they were delivered to Eddy county authorities.

Authorities say the men were all I. W. W.'s. The confessed murderers claim the murder was an accident.

TURKS BESIEGE TARSUS; FRENCH TROOPS WITHIN

Constantinople, Sept. 10.—Tarsus, the birth place of Saint Paul, which is located in Asia Minor, is being besieged by the Turks and the French garrison and the 25,000 inhabitants of the city are short of food, according to a letter received here from Paul Neilson, who is in charge of St. Paul's institute here.

The Turks are fighting from the shelter of the orange and lemon groves, surrounding the city. At present they are lying on their rifles, waiting, and holding the French garrison within the walls.

The French are making every effort to save the clean, white walls of the city. Aeroplanes flying over the city drops letters, but are unable to land within the walls as there is no landing field.

A French column which attempted to relieve the garrison was reported at a river near there, while marching from Marsina, a sea port 50 miles to the northeast.

YOUNG COUPLE ARE UNITED THURSDAY

Charles G. Gustafson and Miss Florence J. Eaton, both of Bismarck, were married at the Swedish Lutheran parsonage Thursday afternoon. Rev. E. F. Alfson performed the ceremony and the young couple were attended by Mr. and Mrs. George J. Scott, their friends.

In proportion to its size a bee is 30 times as strong as a horse.

REDS STRIVE TO TAKE LOST TOWN

Constantinople, Sept. 10.—Russian Bolshevik forces are being concentrated to make a desperate effort to recapture Kokova, an important town on the south side of the Dnieper river, 45 miles above Karsen, before the fall rains deepen the mud and make the campaign impossible.

WOMEN FINISH THEIR GAMES; MEET NEAR END

Mrs. E. A. Hughes Winner of Singles; Men's Matches Not Ended Yet

The city's first tennis tournament is nearing its end, with all the women's matches completed and only a few more matches to be played to determine the men's winners.

In the women's singles Mrs. E. A. Hughes defeated Miss Florence Homan in the finals. The scores on the final contests were 6-3, 6-3.

In the women's doubles Mrs. E. A. Hughes and Miss Florence Homan played together and defeated Mrs. Kling and Miss Quigley by scores of 6-2 and 6-3.

In the men's doubles on one set of the final five has been played. In the first set of this class Baker and Brix defeated Haines and Cox.

Buchanon and Russ have played off four of their final five sets for the title in the men's singles. Each has won two games and the deciding match will be played today. Buchanon won the first two sets, by scores of 6-3, and 6-4. Russ won the last two by scores of 10-8 and 6-2. The playing of their final game last evening was impossible because of darkness.

CITY NEWS

To Teach at Wild Rose

Miss Marian Rude will probably teach at one of the rural schools in the Wild Rose district during the coming year, according to information received at the county superintendent's office.

Increase in High School

The enrollment in the high school at the end of the first week in 1920, according to C. F. Bolt, principal. This figure shows a considerable increase over the enrollment at the end of the first week last year, when only 214 students were enrolled.

Special Service Open

The recruiting office here has received orders to enlist a limited number of men for one or three years service with the cavalry or field artillery to be stationed at Corvallis, Oregon, at the state agricultural college. These men will receive \$105 a month, living in town, and about two hours work a day instructing the college R. O. T. C. will be required.

MANDAN WOMAN NOW IN PARIS

Mrs. Emma G. Wheeler, prominent Mandan music teacher, who has many students and friends here, is now in Paris, according to messages received here.

She states that she is enjoying the wonderful scenery and climate of France and is accompanied by very agreeable companions.

TOO LATE TO CLASSIFY

WANTED—Girl or woman to assist with housework. Call evenings or Sunday. 517 11th St. 9-10-31

WANTED—Fine cook for night job, male or female, 8 hours, good wages. Minute Lunch 9-10-31

Less than 20 years ago there were perhaps half a dozen newspapers in China. Today there are more than 200.

BIG CAMPAIGN LIMITS VOTED DOWN BY G. O. P.

National Chairman Says He Wanted to Raise Limit to \$50,000, But Was Overruled

Chicago, Ill., Sept. 10.—Fred W. Upham today told the senate committee investigating campaign funds that he took full responsibility for the proposal to raise the limit of the Republican contributions to \$50,000 from \$1,000.

"I was voted down by a large majority at a meeting in New York," he said. He said form 1001, the so-called Blair plan, was brought about by his plan for a large contribution limit and was prepared after he had told Harry M. Blair that the \$5,000 campaign contribution probably would be the figure set.

"I hoped the lid would be raised soon, and I did recommend \$10,000 be fixed as the limit."

Mr. Upham said, "I presented the matter at a meeting in New York, at which Will Hays, Alvin T. Hart, William Dugerty, and Col. William Thompson of New York, were present. They voted me down by a big majority, and I stepped from the room and told Mr. Blair to wire his man at Chicago not to send out form 1001."

Mr. Upham said he did not write form 1001 and it contained some expressions and ideas which he did not approve, "but form 1001 is dead," he said.

The substitute plan, form 1002 was not prepared at the luncheon in the Tower Room at Chicago, he said.

ALL READY FOR DANCE TONIGHT

Everything was made ready this afternoon for the street dance tonight. Broadway, between Third and Fourth streets, was roped off, the pavement given a good scrubbing and corn meal rubbed over it. The pavement will be as smooth as a ballroom floor, members of the Elks' band committee declared.

Dancing is to begin at 8:30 o'clock sharp, and continue to midnight. Music will be furnished by the Elks' band.

In the interior of an ordinary piano there is about a mile of wire.

\$93,600 IS PAID FOR PRIZE BULL

Buenos Aires, Sept. 10.—The South American record price for pedigreed cattle was broken yesterday when the Herford bull that won the grand championship at the international stock show here was sold for \$93,600. The bull was bred in Argentina.

SLIGHT SHOCK FELT IN CALIF.

Riverside, Cal., Sept. 10.—A heavy earth shock was felt here this morning at 6:15 o'clock.

It was of sufficient violence to awaken sleepers and many people fled into the open until the tremors subsided.

BASEBALL MEN BEFORE JURY

Chicago, Sept. 10.—All members of the Chicago club of the National league and officials have been summoned to appear before the grand jury next week as witnesses in the investigation of the alleged baseball gambling last week.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, and arms, and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy white the skin becomes. Yes! It is harmless, and never irritates.

Tailor and Cleaner

Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks: "What's the matter, Daddy?" there's a tone of solemn anxiety in his little voice. The depression stamped upon you reflects intensely upon him because of his profound solicitude. He at once drops his playthings and rushes to your side, but his happy smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

You owe it to the happiness and welfare of your family to keep him in body and keen in intellect. You are the sun and the inspiration of their lives. Dark, threatening clouds hover over their heads the instant you show signs of being "out of sorts" or "under the weather." Don't imperil their future by neglecting your health.

LYKO

The Great General Tonic

will banish that "tired feeling" and dispel that worn-out look. It will renew your strength and vigor, overcome the ravishing effects of overwork and worry, revive your spirits and increase your hold on life. Being a refreshing appetizer, a valuable aid to digestion and a worthy promoter of the general health, because of its positive revitalizing and reconstructive value, its use is especially desirable in cases of subnormal conditions. If you suffer from nervous exhaustion, muscular or mental fatigue, or deficiency of vital force due to general weakness or wasting illness, you'll find "LYKO" particularly beneficial. It tones up the entire system and keeps you feeling fit. Ask your druggist for a bottle today.

Fordson

TRADE MARK

Farm Tractor

When Henry Ford set about building the Fordson tractor he had a thorough understanding of just what it should be and what it should do. His early life on the farm gave him a deep insight into the daily life of the farmer; his mechanical genius saw the type of tractor needed. He began work on a farm tractor thirty-five years ago, and for more than twelve years he experimented over more than 7,000 acres of land in different kinds of soil, with different crops.

So he built the Fordson. It is so simple that a schoolboy can operate it. It is low in first cost. It is lowest in operating cost and Fordson parts and Fordson service are always to be had promptly from the dealer.

The Fordson is a profitable investment. It can be used every working day in the year. It is an inexpensive power plant that will lighten your farm work. It has proven its worth on more than one hundred thousand farms not only in operating implements in the fields but in belt and pulley work. And it doesn't eat when idle.

Don't delay ordering your Fordson tractor. The demand is greater than the supply.

We announce for Friday, September 17th, a **Fordson Tractor Demonstration**
The Fordson will plow, disc and operate all kinds of stationary machinery, including threshing.
We cordially invite everyone interested to call at our office, that we may take them or direct them to this demonstration.

THE DAKOTA MOTOR COMPANY
201 BROADWAY BISMARCK, North Dakota

Miss Martyn will leave for Dickinson where she has been engaged as teacher in the public schools, which open Monday.

Baby Girl Born
A baby girl was born to Mrs. Frank Osterwind, of Marshall, at the Bismarck hospital this morning.

SUFFERING OF YOUNG WOMEN

This Letter Tells How it May
be Overcome—all Mothers
Interested.

Fort Dodge, Ia.—"From the time my
daughter was 13 years old until she was
18, she suffered badly each month,
that sometimes I had to call in the doctor.
She had headaches, backache, and such
pains and cramps that she would have
to stay in bed two or three days. She
became terribly run down in health, and
at last a friend who had used Lydia E.
Pinkham's Vegetable Compound told
her about it and she has used sixteen
bottles and we always have it in the
house. She feels fine now and she has
no trouble at all each month. We al-
ways praise it and advise any friends
who suffer to use your wonderful med-
icine."—Mrs. MINNIE MANDELKO, 1005
S. 18th St., & 10th Avenue, Fort
Dodge, Iowa.

Girls who are troubled as Miss Man-
delko was, should immediately seek re-
stitution to health by taking Lydia E.
Pinkham's Vegetable Compound.

Those who need special advice may
write to Lydia E. Pinkham Medicine
Co., (confidential) Lynn, Mass. These
letters will be opened, read and an-
swered by a woman and held in strict
confidence.

FIRST VISIT TO BISMARCK OF AMERICA'S FOREMOST DRAMATIC STAR

THE SELWYNS PRESENT
JANE COWL
IN
"SMILIN' THROUGH"
BY
ALLAN LANGDON MARTIN

This famous star, in a charming
play that has won the highest praise
from the press of the entire coun-
try. Unprecedented has been its ap-
peal to the playgoers of the Pacific
Coast. Miss Cowl goes direct to Chi-
cago for her annual fall engagement,
prior to sailing for London for
her European premiere.

A NOTABLE ACHIEVEMENT

Roll all of the achievements of other noted stars, who have visited the Northwest and Pacific Coast into one, and you will not have the overwhelming success that Miss Cowl has attained on the present limited tour of the West. In support of Miss Cowl, the Selwyns have sent west the remarkable scenic production, designed by Joseph Urban. The whole presentation is epoch-making for the history of Pacific Coast theatricals.

PRICES—Nights: Lower floor, \$3.30. Balcony, first two rows, \$2.75; next three rows, \$2.20; last four rows, \$1.65. Gallery, \$1.10.

BANKS NEED AMBITIOUS BOYS
Nearly 700 banks employ students of Dakota Business College, Fargo, N. D., because they are trained hustlers—many developing into officers and executives.
Recently the First National Bank of Kildeer wired for a capable bookkeeper and teller. D. Swanson was sent. The Citizens National Bank, Casper, Wyo., got F. H. Champlin. The First National Bank, Fairview, Mont., secured Geo. Clark.
To fill prospective positions a 1000-New-Pupil Club was formed. Join it and "Follow the Success-Ful." Write F. L. Watkins, P. M., 806 Front St., Fargo, N. D.

MATCH SHORTAGE HITS PORTUGAL
Lisbon, Sept. 11—Matches have disappeared from the market, much to the discomfort of smokers and housewives. Waiters and cigar store clerks who are able to furnish a few matches have been extremely popular for two weeks.
In view of the high prices here, the operatives of the Match Company demand higher wages, and the company to meet their wishes petitioned the government for permission to raise the price of matches. This consent has not been given and in view of the deadlock the inhabitants of Portugal have had no matches for about a fortnight, since the stocks in the shops were exhausted.

CUTICURA HEALS RED PIMPLES
On Son's Face, Neck, Arms, Body, Lost Sleep. Cuticura Heals.
"When my son was two months old he got little red pimples over his face, neck, arms, body. They were scattered and grew worse. Every place was filled with severe eruptions. He could not sleep, but scratched and would cry. I had to make mittens for him so he would not scratch."
Cuticura Soap and Ointment. When I used about six cakes of Cuticura Soap and six boxes of Ointment he was healed." (Signed) Mrs. Lewis Savalla, 808 Elm Street, Hancock, Mich., Aug. 27, 1919.
Cuticura For All Toilet Uses
Cuticura Soap, Ointment and Talcum are all you need for your skin and all toilet uses. Baths with Soap, sooths with Ointment, dust with Talcum. Unlike strongly medicated soaps, Cuticura Soap is ideal for the complexion because so delicate, so fragrant and so creamy.
Cuticura Talcum soothes and cools the skin and overcomes heavy perspiration. For sample Soap, Ointment and Talcum free address: "Cuticura, Dept. R, Malden, Mass." Cuticura Soap shaves without soap.

"Exide" Battery Service
If your starting battery is beyond repair, we tell you so.
If, on the other hand, an examination shows that it would pay you to have it repaired, we will give you a first-class job and the same attention that you would receive if you were buying a new battery.
ELECTRIC SERVICE & TIRE COMPANY
Bismarck, N. D.

CHILDREN TO BE RULERS AT FAIR GROUND TUESDAY
Officials Place Finishing Touches on Plans for Big Missouri Slope Fair Next Week
TICKETS DISTRIBUTED
Children of the Slope country will be kings at the opening day of the Missouri Slope fair at Mandan Tuesday. More extensive plans are being made this year for the welcoming and attraction of the children than have ever been made before.
All school children will be admitted free of charge upon the opening day of the fair, and the distribution of tickets to all parts of the Missouri Slope is now nearly completed. Those children attending rural schools can secure tickets from their teachers.
In the Bismarck public schools the tickets will be secured by applying to the superintendent's office on any day prior to the opening day.
Sent out Tickets.
Mrs. Evans, in the office of the county superintendent, was busy this afternoon mailing out the children's tickets to all the rural school teachers in the county. Most schools are making next Tuesday a holiday for those children who wish to attend the fair.
Reports from Mandan indicate that when the fair opens next Tuesday everything will be in readiness to show the people of the state a real exhibit of North Dakota's products and energy.
The new buildings, to house the live stock and the county exhibits, are being last pushed to completion and will be finished by the end of the week.
The Westernman Brothers' carnival company has been showing at Jamez town and reports from there indicate that they are pleasing the people and proving to be an amusement attraction of clean cut quality.
Miss Stark Busy.
Miss Elsie Stark, who is in charge of the women's department at the fair, has been busy all this week preparing for her comprehensive exhibition showing the need for and need of modern conveniences in the farm home and kitchen.
The return of the county agent, W. Gustafson, gives him an opportunity to help Mandan. Held in the arrangement of the fair products exhibition for Burleigh county. Mr. Fichtl, by the way, states that if any of the farmers or housewives of the county have any farm products which they believe should be in the county exhibit, he will be glad to hear from them.
Added Features.
An added feature of the fair will be a parachute drop by Aviator Ely, of Valley City, who has been engaged to perform aerial stunts at the fair. He will make daily jumps from his plane and land with the aid of the parachute. He is said to be able to perform all stunts which can be done with a Curtiss plane.
Train Service.
Reduced fares of one and one-half regular fare for a round trip ticket will prevail on both the Northern P. and the Soo lines for some distance in either direction.
Special trains will be run daily from Bismarck to Mandan, leaving here shortly after noon and leaving Mandan on the return trip a short time before midnight.

IRRIGATION IN MONTANA SHOWN
Helena, Mont., Sept. 11—What Montana is doing in the advancement of land irrigation will be shown at the

WARNING
In handling your business you do not become subjected to swindling, robbery, or any other kind of loss. You can avoid this by getting the best insurance. Write to the Insurance Company, Bismarck, N. D.

Soap and Water Sweetness
SOAP and water sweetness is a religion in our laundry.
Floors, washers, tables, racks—everything with which your clothes or the people who handle them come into contact—are scrubbed with oceans of fresh, boiling water and bubbling soap suds every day.
There's the secret of the radiant cleanness which you will find in our laundry—that's one of the reasons for the fresh, fragrant purity of the clothes we send home to you.
This old-fashioned gospel of soap and water cleanness means salvation for your family linen. A trial will convert you—name the day and hour for our driver to call and he'll be there on the dot.

STENOGRAPHER DEVICES NEW CABLE CODE

MISS MARGARET W. KEEGAN

Seattle, Sept. 11—From a \$20 per week stenographic position to international fame and a fortune that will make her independent for life, with the product of her mind being used by corporations and individuals in virtually all parts of the world—such is the career of Miss Margaret W. Keegan. Miss Keegan is the author of what is known as the three letter cable code.
Heretofore all codes in general use have been of the five-letter cypher. Miss Keegan's system is based on the three-letter cypher, which is said to allow a saving of at least 33 1-3 per cent on every message transmitted.
Northwest irrigation convention at Seattle, September 18-19, by panoramic photo views of the Montana Power company's irrigation projects at Hoffer, Great Falls, the Madison River, Hauser Lake, Thompson Falls and Canyon Ferry.
The photographs were assembled yesterday by Secretary Max Goodall of the Commercial club, to be taken by the delegates from Helena to Seattle next week.

RUSSIA IS KEY TO EUROPE'S ECONOMIC MIX

Says Europe Is in Deep Dark Pit, and She Must Work Herself Out of It
Budapest, Sept. 11—"The people of Europe are in a dark, deep pit and they must work themselves out of it," says Roland Hegedus, bank director and lecturer at the Budapest University.
"The United States is richer than she knows, but she cannot reconstruct Europe by loans. All the nations of Europe are beset by a succession of political and economic problems that are well nigh insolvable."
"Russia is the key to the situation, and until some sort of consistent government is established there, we can hope for little here."
"What the United States can do perhaps, is to work to secure free trade among these Central European countries. None of us can do any business with tariff frontiers."
"I believe the paper money situation will force a revision of the peace treaties. All these little nations are living from hand to mouth, printing up money to keep going. Poland is hardly a year old and already she has a national debt of 130,000,000 marks, with a 40,000,000,000 deficit. The same is more or less true of Czech-Slovakia, of Hungary and of all of us. The armies are eating up half our incomes, yet each nation is afraid to disarm because of possible attacks from neighbors."
"With this paper money carnival central Europe can not trade with countries having better money, such as Spain, Holland and Switzerland. This situation also applies to Italy and France."
"Meanwhile our civilization is going by the board. Because of the exchange, our universities and reading people can not afford to subscribe to science or law publications of England or the United States."
"For the same reason our educated but impoverished classes can not go abroad to find work, provided they could secure passports."
"These conditions are not also better the results of a big war but a bad peace which has fallen harder on Hungary than any other country. God made her the center of a geographical unit and the peace from there ruin not only new Hungary but the parts taken away."

LABOR SHORTAGE ON FARMS PERIL TO FOOD SUPPLY
New York, Sept. 11—Shortage of labor in the agricultural states is resulting in a reduction of acreage which threatens America's food supply, according to the findings of Percy F. Walker, dean of the Kansas University engineering school, made public today at national headquarters of the American Society of National Engineers. The Dean is head of a research committee of the Mid-Continent section of that society.
Dean Walker found population at a standstill or declining in agricultural sections pointing out that 16 of the 105 counties in Kansas prevented that state from decreasing in population in a decade. The increase all being in industrial sections. "The same thing holds in Iowa and doubtless in other states for the same period," the Dean reported.
Many farmers cannot pay their 1919 debts because the railroads are unable to move their wheat harvest and they are piling down production, he said.
As a remedy Dean Walker suggested a study by engineers of the economics of transportation and production with a view to systematizing a

BEING GUEST OF VILLA SET THIS MAN BACK \$5,000
Atchison, Kan., Sept. 11—It cost Carl Heagelin, formerly a resident of Atchison, \$5,000 to be a "dinner guest" of Francisco Villa, the Mexican ex-bandit leader, according to a letter received from Mr. Heagelin who is president of a brewery company at Sabinal, Coahuila, Mexico, by relatives here. At the time of Heagelin's experience, reports of the "kidnapping" were carried in press dispatches. In his letter the brewer says it was really an "invitation fair" and probably was Villa's last bandit act, as the following day he surrendered to the federal forces.
After a corps of Villa's men had raided the brewery and had been appeased by a diplomatic employee who gave the bandits twenty pesos each, Heagelin says that he was informed of Villa's invitation to dinner. They virtually placed the brewer under arrest and accompanied him to Villa's headquarters where he dined with the bandit chieftain. Villa carried the risk of a most hospitable guest, according to Heagelin's letter, then in confusion informed his guests that he must write a check for 10,000 pesos, which Heagelin did.
The following day Heagelin requested Villa to return some notes which the bandits had driven away from the brewery. He complied with the request.

What Republicans Offer In Place of the League
Senator Harding's mention of putting "teeth" in his proposed reconstructed Hague Tribunal evokes only jeers from the Democratic friends of the League of Nations. "Political dentists," observes the New York World (Dem.) "will tell him that without a League only false teeth are possible now," and the Richmond Journal's (Dem.) title for an editorial on the subject is "Harding's False-Teeth Proposal." On the other hand prominent Republican newspapers are enthusiastic over the Republican candidate's plan, the New York Tribune declaring that while the Harding program "promises no millennium, it is definite and affirmative, whereas the Cox program is vague and negative."
So that the public may more fully understand just what is offered by both parties, THE LITERARY DIGEST in its issue of September 11th publishes an enlightening article, drawn from editorial statement by American newspapers, comprehensive, unbiased, and deeply interesting. Read it and you will be able to vote more intelligently at the coming election.

BEING GUEST OF VILLA SET THIS MAN BACK \$5,000
Atchison, Kan., Sept. 11—It cost Carl Heagelin, formerly a resident of Atchison, \$5,000 to be a "dinner guest" of Francisco Villa, the Mexican ex-bandit leader, according to a letter received from Mr. Heagelin who is president of a brewery company at Sabinal, Coahuila, Mexico, by relatives here. At the time of Heagelin's experience, reports of the "kidnapping" were carried in press dispatches. In his letter the brewer says it was really an "invitation fair" and probably was Villa's last bandit act, as the following day he surrendered to the federal forces.
After a corps of Villa's men had raided the brewery and had been appeased by a diplomatic employee who gave the bandits twenty pesos each, Heagelin says that he was informed of Villa's invitation to dinner. They virtually placed the brewer under arrest and accompanied him to Villa's headquarters where he dined with the bandit chieftain. Villa carried the risk of a most hospitable guest, according to Heagelin's letter, then in confusion informed his guests that he must write a check for 10,000 pesos, which Heagelin did.
The following day Heagelin requested Villa to return some notes which the bandits had driven away from the brewery. He complied with the request.

REFORESTING OF PULP FOOD AREA IS CANADA'S PLAN
Ottawa, Ont. Sept. 11 Three million pine and spruce trees have been planted in the Ottawa and St. Lawrence over areas of wood pulp forests in Ontario this year according to Dr. E. J. M. Deschamps, deputy minister of lands and forests of the province. This is figured at the rate of two new trees for every three cut or burned down. This is the first step in a government campaign to reestablish the wood pulp forests on a productive basis as quickly as possible.
To increase the supply of wood pulp, said Dr. Deschamps, the government has made experiments which

be used successfully in the manufacture of print paper. It is making an effort to induce manufacturers to utilize these two trees. I am sure, in view of the world shortage of print paper the manufacturers will come to this in time. There are millions of tons of this kind of timber available in Canada and its use will add materially to the wood and pulp supply. The shortage at present, however, is due less to lack of timber than to inadequate mill facilities.
"The present shortage has led to vastly increased investments in the wood pulp industry. New mills are being built in northern Manitoba and

YOUNG PEOPLE TO LEAVE SOON FOR COLLEGES

Eight Members of High School
Graduating Class to Con-
tinue Studies

Universities and colleges throughout the country will be opening in a short time and a considerable number of Bismarck young people will leave shortly to enter these schools. Eight members of last year's high school graduating class will enter higher schools this fall, according to C. L. Dolt, principal of the high school.

Miss Lucille Lahr has already left for Ferry Hall, Lake Forest, Ill. Miss Vera McCain will leave soon for Ashbury college, at Wilmore, Kentucky. John McGowan will enter the University of Michigan this fall. Cecil Rosen will enroll at the University of Minnesota. Kenneth Allen will enter the University of Michigan.

Robert Buzzelle will start in the year at the University of Minnesota. Miss Mildred Frazer will register at the state Agricultural College, while Miss Rose Hamline will enter the state normal school at La Crosse, Wis.

INDIAN WOMAN DIES FRIDAY

Mrs. Walter Stinkface, of Elbowoods, died at a local hospital Friday night following four days' sickness here.

Mrs. Stinkface was an Indian woman, 65 years of age. She is survived by her husband, Walter Stinkface and her daughter. Both were in the city yesterday and today. The body will be sent to Elbowoods for burial.

CHURCH NOTES

- Swedish Lutheran Church**
Seventh street and Avenue D.
Morning services 10:30.
Sunday school 12 noon.
Evening services at 8 o'clock.
All are cordially invited to attend these services.
E. F. ALFSON, Pastor.
- Evangelical Association**
Corner of 7th and Rosser Streets.
German service, 10 a. m.
Sunday School, 11 a. m.
Young People's Alliance, 7:15 p. m.
Evening sermon, 8 p. m.
Victory Prayer Band, a live meeting for live Christians, Tuesday at 8 p. m.
A cordial welcome to all.
C. F. Strutz, Pastor.
- First Baptist Church**
Corner 4th St. and Ave. B.
Sunday, Sept. 12th.
Public worship at 11 a. m. and 8 p. m.
Special services in the interest of teachers and scholars morning and evening, with special singing.
Rev. F. E. Stockton, of Grand Forks will speak in the forenoon, and Rev. L. R. Call, pulpist supply for the month of September will preach in the evening. A cordial invitation extended to all teachers and others interested in child development.
- Christian Science Society**
Corner 4th St. and Ave. C.
Sunday services at 11:00 a. m.
Subject: "Substance"
Sunday school at 9:15 a. m.
Wednesday evening meeting at 8 o'clock
A reading room is open in the church building every Tuesday, Thursday and Saturday from 2 to 4 p. m.
All are welcome to attend these services and to visit the reading room.
- Farewell Service for Marie Stebbins and Noah McCoy**
Sunday 8:00 p. m., Sept. 12, a special

cial Farewell meeting will be held at The Salvation Army for Miss Marie Stebbins and Mr. Noah McCoy, who are going to Chicago to be trained for Salvation Army Officership.

These two young people have been members of the local corps for some time, in fact Miss Stebbins was dedicated in the Army when a small child. The services will take the form of saying Good-bye and God speed. Many friends will want to take advantage of this opportunity of expressing their well wishes and this will be a feature of the meeting.

First Presbyterian Church
Rev. H. C. Postlethwaite, minister.
Morning service at 10:30. Theme: "The World's Marvel at the Temple Tarrying." The preacher is not a musician, hence there will probably be no special music.

Junior School at 9:30. All other departments at 12 m. All men are requested to remain tomorrow for the Sunday School. All boys' classes have returned but two. See that the boys are present.

Christian Endeavor at 7 p. m. First meeting started off well last Sabbath. A good place for young people.

Evening worship at 8. Theme: "Laying Up Treasures." A splendid place to begin the week. An inspirational service that will rest you. Special music by the choir. Anthem "Just As I Am."

McCauley Methodist Episcopal Church
Morning worship 10:30. Sermon topic: "The Serpent which became a Rod."
Special music, solo by Mrs. Scheffer.

Bible school at 12. Classes for all young people who are strangers are especially invited. Come and get acquainted. Interesting classes for young people of high school age. Mr. A. A. Loerhke, superintendent.

Epworth League at 7. Good music and cordial fellowship mark the meetings of the League. You will be helped by attending and participating.

Popular service at 8 o'clock. Hearty singing. Brief address on a timely topic.

A special invitation is extended those who are without church preference.

G. H. QUIGLEY,
Minister.

Trinity Lutheran Church
Services in English at 11 o'clock a. m. and 8 p. m. Rev. Larsen who is temporarily in charge will preach. A cordial welcome to all.

You need the church and the church needs you. The church is in possession of the means of grace and without these you can not be saved. Come now and let us reason together, saith the Lord, etc. Isaiah 1, 18.

Sunday school at 12:15 noon. Immediately after the evening services a meeting of the congregation will be held to act upon several applications for membership and also other matters will be considered. Important that all members attend. Your presence is urgently and respectfully requested.

The Salvation Army
112 Main St.
SUNDAY SERVICES--
10:30 a. m. Open air meeting.
11:00 a. m. Holiness meeting.
2:00 p. m. Sunday school and Bible class.
6:30 p. m. Young people's legion meeting.
7:30 p. m. Open air meeting.
8:00 p. m. Special farewell service for Marie Stebbins and Noah McCoy, who are going to the Chicago Training college.

WEEK-DAY SERVICES--
Wednesday: Midweek Holiness meeting
Thursday: Public meeting conducted by the Young people
Saturday: Public praise meeting.
A cordial invitation is extended to the public to attend these services.
V. J. HUFFMAN, Captain.

CROWD HAPPY AT PAVEMENT DANCE FRIDAY EVENING

Elks' Band Clears \$140; Pavement "Dance Floor" Is Excellent

"Success" marked the Elks second pavement dance given by the band last evening. From eight-thirty until about midnight the streets were thronged with the happy dancers and the 25-piece band played enticing tunes.

When the committee in charge of the affair had finished checking up this morning it found that the band had cleared about \$140 on the dance. This money will be used to help pay the salary of their band director.

The pavement was in excellent condition last evening, due to the thorough cleaning it had received during the afternoon. After block off Broadway between Third and Fourth streets the bituminous surface was swept and washed.

While definite plans have not as yet been formulated it is the desire to the Elks committee to give other dances in the near future. Some of these may be additional pavement dances, held during Indian summer, under the mellow rays of the harvest moon.

CITY NEWS

- McKenzie Man Sick.**
J. H. Masterson, of McKenzie, is quite ill at St. Alexis hospital.
- Visit Here.**
Mr. and Mrs. George J. Kling, of St. Paul, are visiting in the city this week.

ing September 15th. There will be two special racing cars entered by the Loubek Motor company of Bismarck, and these races will be more than interesting and track records broken, is predicted. Mr. Loubek will enter a special Essex racing car, and also a Chevrolet car, and those who are tuncies of such sport will be well entertained with these two cars start out.

The Essex has always done good performances in races, wherever entered, and to say, the least both the Essex and Chevrolet cars have broken records this week at the Minnesota State fair, and Mr. Loubek says that he will come up to the records made there.

ing September 15th. There will be two special racing cars entered by the Loubek Motor company of Bismarck, and these races will be more than interesting and track records broken, is predicted. Mr. Loubek will enter a special Essex racing car, and also a Chevrolet car, and those who are tuncies of such sport will be well entertained with these two cars start out.

And a Child Shall Lead Them

I know a little boy, when his mother places a dish of some preparation that he has never tasted before, in front of him, he often says, "I don't want that, that don't taste good." His mother assures him that it does taste good and to try it. He replies, "No, I don't want to. I know it don't taste good."

This seems to show the trend of human nature. Oftentimes we will hear a person make the remark, "I don't believe in Chiropractic." Invariably you will find this statement made by someone who has never tried it. If I wish to know something about law, I seek a lawyer. If I wish to know something about theology, I seek a minister. If I wish to know something about medicine, I seek a medical doctor. If I wish to know something about Chiropractic, I would seek either a Chiropractic or the patients who have received adjustments from one. They alone are competent to pass judgment upon the new science of Chiropractic.

Twenty-five years ago Chiropractic was born. It was started from nothing and today it has developed to where there are more than ten thousand practicing Chiropractors and six million receiving adjustments from the Chiropractors annually. We do not care much about theories; we are willing to be judged by our works.

If you are sick, investigate Chiropractic and receive spinal adjustments and get well.

DR. M. E. BOLTON,
OSTEOPATH
wishes to announce the removal of her offices from
the McKenzie Hotel to
No. 114 Fourth Street
Over F. A. KNOWLES' Jewelry Store,
Bismarck, North Dakota
Telephone 240

MOST of the available sample room space at the McKenzie Hotel has been engaged for the week of Sept. 13 to 17 for a unique exhibit of holiday goods, cutlery and novelties, which is called Marshall Wells "Road Show."

Thirty-one huge trunks carry their sample lines, to delight the heart of the ladies, the girls and every child.

There is Japanese Ware, Leather Goods, Pearl and Ivory Toilet Articles, Cut Glass, Silver, Mahogany and Brasswares; Shaving, Manicure and Toilet Accessories, Table and Pocket Cutlery, Picture Frames, Watches, Clocks, Electric Cooking and Heating Devices, Electric Lamps, Toys, Games, Puzzles, Christmas Books, Dolls with character and without, Dolls that are unbreakable, that are artistic, Dolls that are lovable and fascinating.

And then, there are the mechanical toys, trains, fire department, automobiles, sand excavators and dumpers and what not.

There are few Japanese toys and games, but mainly American, made by Americans to inculcate in the minds of the American Boys and girls the ideals, and plant the seed for future development as little mothers and fathers, as students, inventors, mechanics, farmers, raisers of livestock, hunters, warriors and sailors.

Remembering, "As the twig is bent, so the tree is inclined"—can well be followed in the selection of amusement and playthings.

We are sorry to say the general public is not invited—only merchants.

The hours are 8 to 12 A. M., 1 to 6 P. M., 7 to 10 P. M.,
September 13th to 17th

The Eden Washer

In Grandmother's time dainty things had to be cleansed by dipping them up and down in warm suds. Today the Eden washes our frailest garments in exactly the same way and with the same care and gentleness. The Eden also cleanses perfectly the heaviest blankets, linens and all washable household articles without the work and wear of rubbing.

Sold with our guarantee and on monthly payments if desired.

THE STATE'S OLDEST NEWSPAPER
(Established 1878)

CUSTOM MAKES RIGHTS

Father had a caller, so it was Mother who carried Baby up to bed. And that made Baby howl, and Mother's feelings were hurt.

They should not have been. The howls do not mean that Mother was less beloved than Father. They do mean that a baby—or any other human being or animal either—does not merely want to have its physical wants supplied—to be fed or played with or put to bed—it feels the identity of persons and things and places, and it does not want its relations to them changed, unless the old relations have been unpleasant.

If Father has carried it up to bed in the past, then Father must do it now and Mother will not do, just as Father might not do to undress it or give the parting good-night kiss. And in the same way it will not do for Baby to be put in strange bed or to be undressed in some new way.

Thus the baby's howls are a protest against the disturbance of established relations, such as Father himself might raise if someone suddenly turned him out of his house or took away his wife, but said that he could have another "just as good."

Custom makes expectations and the rage that comes when these are disappointed is the surest defense of homes and families and all human rights.

SENTIMENT FOR PARKS

Judging from the expression in favor of a park system for Bismarck, sentiment need not be created here for this urgent adjunct to community life. Of course, it is impossible to do anything immediately, but it will cost no money nor increase the tax budget to get prepared.

The citizens in general and the Commercial club in particular have started the ball rolling, and nothing but civic indifference can retard the campaign for a park system. Some way should be found so that by next summer at least a municipal swimming pool could be provided and a wading pool for the small children. These can be established near Custer park and that little area seeded to grass and made presentable.

This would be a beginning and, the value of recreation centers once demonstrated, the people will demand more. No one expects a complete system of parks in one year or five. It must be a gradual and intelligent plan and tempered to suit the financial exigencies of the city, but we can at least begin in a small way and now is the time to start the preliminaries.

Mexico still seems to be a garden spot for plots.

Ireland of the Ballad is not the Ireland of the Bomb.

Maybe the fellow who gets no vacation has an advantage after all.

Some folks will never catch up with their sleep until they set the clocks back again.

For Harding's information: There's a porch on the White House but they call it a portico.

New Yorkers say the Brooklyn street car strike is cruel if it serves to keep the inmates in.

Mustapha Kemal Pasha is sick from worry, upsetting the belief that Turks never worry.

Hiding murdered persons in trunks seems to be a snappy development of the 1920 crime styles.

The hotel Bill, the railroad Fare and the Bill o' Fare make home look pretty good to the vacationist.

Some say Burleson might make a first class postmaster but is a fourth class postmaster general.

Culture is a difference in shade. London and Browning are associated memories, but so are Philadelphia and Reading.

The news that Baron Wrangel has captured the key to the Russian coal basin doesn't thrill you as it would if he had the key to your coal basement.

Babe Ruth has given away a score of bats to be auctioned for various benevolences, but betcher life he hasn't given away the bludgeon he really uses for these homers.

Somebody poked a hole in the sugar bag.

Reverend Jonathan Mee of Ottumwa, Iowa, has performed 1111 ceremonies which made "we" of "me and you."

There are still some people in Ireland who are not prejudiced, but who dislike oranges, unless they are green.

When houses are built with the avidity with which people build motor cars, the housing situation will be relieved.

Harding will win many votes on his assertion that, if he is elected, the Baker, Daniels, Burleson type of cabinet will be thrown into the discard.

EDITORIAL REVIEW
Comments reproduced in this column may or may not express the opinions of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

SENATOR DIXON'S STRENGTH

Senator Dixon, republican candidate for governor, is going to have the business interests of Montana back of him. During the primary campaign he was backed by the Montana Development League, and to that organization more than to any other is due the credit for his victory in the first election.

Since his nomination various business interests have declared for him. He has the backing of the banks, the mercantile houses, the elevators, in fact every business industry looking to the betterment and the advancement of Montana.

Heretofore the Anaconda Mining Company, the greatest business industry of the state, has been with the Democratic candidates for governor. Evidently it has switched this year and will be found back of Senator Dixon, as is shown by the following editorial from the Anaconda Standard, the official organ of that company, of last Saturday:

"Brought about through a primary system that so permits the theft of a party name and thwarts the will of the people that it is at once a tragedy and a farce, the results of Tuesday's voting bring Montana face to face with the North Dakota species of bolshevism. There are those who enjoy the prospect. There are others who do not. It is inconceivable that a majority of the people of Montana are rejoicing over the possibility of the introduction of the wild theories and rash fancies that characterize the government of their sister state.

"The radical elements, growing more and more combative and less and less tolerant of brotherhood and fair play to all legitimate interests, have combined in mass action for the purpose of winning a victory for its own sake, the fruits that go with it and the opportunity it will give them of inflicting upon the state a political system at war with American traditions, institutions and ideals.

"As between the Democratic and Republican parties there are wide differences of opinion, but unquestionably both are seeking the same end though by different means and methods, that end being the safety, honor and welfare of the people. But the radicals, seeking to pose as Democrats in one state and as Republicans in another, are neither one nor the other in reality, but avowedly and bitterly hostile to both, stealing wherever possible the organization of each to use it as a stepping stone to whatever tyrannical dominance may strike their fancy and satisfy their greed for power.

"Let the people of Montana investigate and study conditions in North Dakota and see how they like them. There is plenty of time between now and the second day of November to get a line on North Dakota's affairs of state."—Big Timber (Mont.) Pioneer.

RELIGIOUS PREJUDICE

The present state political campaign promised to be bitter enough without injecting religion into it. But that has been done—not by the I. V. A.'s or those opposed to Townleyism or Socialism (same thing) but by the North Dakota Tindende, a Norwegian language weekly published in connection with and by the Grand Forks American, the Nonpartisan daily paper of Grand Forks. Since when does a man's religious beliefs debar him from running for or holding public office in this state? Since when has it become fashionable to brand a man as a fit associate of liars, intimidators, hypocrites and whatnot on account of his religious views or membership in a religious order? Why was this dirty attack on an honorable man printed only in the Norwegian language and, perforce, circulated only among the people of that race? Why wasn't it printed in English, in German, or in French and circulated throughout the state if it was such good dope? Why was it conceived and brought forth in the office of a publication that professes to shed real tears over the unhappy and downtrodden farmer? Did the author of that "gem" really think the Norwegian people were so ignorant as not to be able to distinguish between politics and religion, between honor and dishonor? It would seem so. But we think a dirty attack like that, which is an insult to the intelligence of every Scandinavian in the state, will meet the contempt it deserves.—North Dakota Eagle.

Boss Murphy—"We should worry about Wilson's League of Nations so long as we gits the U. S. Treasury."

POETS' CORNER

THE ROBIN BIRDS.

(By Geo. W. Newton.)

Robin birds together mated
By some sympathy they know;
Heart to heart in strong ties wedded,
Two as one for aye united,
More devoted still to grow;
Drawing each to each more closely
By the subtle cords of love,
Than the elfin spirits ghostly
In their fairyland above.

Up beneath the shading cornice
Of the porch before the door;
There their rustic home or nest is
There have been two years or more,
Thence by chill winds driven thither
To the Southland warm and fair,
Their's not love to shrink or wither,
Their's not hope to feel despair.

When discovered it was only
Part constructed, rough and rude,
Yet how cunningly and swiftly
And how certain and exactly
'Twas completed well and good;
Were it rocked by storms of winter
Till a breach came in its side,
First repaired was every splinter
At their coming to abide.

Thence from time to time returning
From the garden or the hill,
She within the nest walks hiding,
He the meantime close abiding
On the nearest window sill,
Fixed there as if sense of duty,
Indescribable in letters,
Or some all enchanting beauty
Him enchanted in mystic fetters.

Soon a flutter and a whirling
And the shadows flitting pass
Of two objects quick and stirring
And but slight the vision harks,
Thrown in streamlets on the grass,
And the nest is quite deserted
And the window sill is bare,
Yet their care is not averted
From four eggs close nested there.

Mongst the leafy boughs outreaching
O'er the ledge across the way,
Many birds in chorus ringing,
Are their richest notes in singing
In one grandest roundelay;
And those robin birds in clearest
Notes distinct above the rest,
Show their joy is full, completest,
For the eggs within the nest.

Days and nights each with the other,
She upon the nest and he
On the window sill together,
Much as ever birds of feather
Flock unto the aspen tree,
Watch with closest care and tender
O'er the eggs with growing zest,
Till the brittle shells do render
Four young robins in the nest.

Now life's work when undertaken
Is no toy to drop as soon
As it cares to life awaken,
And its calls and needs so hasten
That, to arrives the only boon;
But to those who find in living
Benefactions for its toil,
Love of offspring, joy of serving,
All discordant thoughts forswill.

Robin birds together caring
For their nestlings young and frail;
Ever striving and contriving;
Urge of duty them inspiring,
To provide in full detail
For all wants and birds have legion,
That recurring ever stay
In the very place and region
Travelled o'er from day to day.

When their days by weeks are
counted
And the nest they over-tilt,
Then to each is full recounted
Of the dangers, swift and mounted,
That pursue to slay and kill,
And this brood of nestlings kinder
For themselves have life begun,
And these robin birds can render
Full account of duty done

Boss Murphy—"We should worry about Wilson's League of Nations so long as we gits the U. S. Treasury."

HEALTH ADVICE

BY UNCLE SAM, M. D.

The Question:

Would it be possible for a woman to carry typhoid fever germs in her system eight years after recovering from typhoid, and communicate typhoid fever to people who buy milk from her after eight years? I am asking because my neighbor, who is scrupulously clean, has been selling me milk for over a year. The milk is rich and seems all right. Recently two of her patrons had typhoid fever. In fact, have it now.

The Health Department inquired where these patients were getting their milk, and immediately investigated my neighbor, and upon learning that she had had typhoid eight years ago, forbade her selling any more milk until they could make suitable tests.

The woman accepts the health board's decree in good faith, because she says she does not want to endanger her own family, but I do not believe this is the source of contagion, and would like to know for my own information. It seems far-fetched to me.

The Answer:

In reply to your inquiry, you are advised that it is not only possible, but quite common for patients who have recovered from typhoid fever to continue the carrying of the germs of typhoid fever in their system. I have personally known of an instance in which a dairy farmer continued to harbor typhoid bacteria in his system 1 year after having recovered from typhoid fever. During that time, he had unwittingly been the cause of repeated typhoid infections in the village where he sold milk.

My attention was directed to him through an outbreak of typhoid fever in New York City, embracing several hundred cases of typhoid fever among

users of a particular supply of raw milk.

The condition is now well understood, and those who harbor typhoid bacilli long after convalescing from the disease, are spoken of as "typhoid bacillus carriers." There is an extensive literature on this subject, and you may be able to find some reference to this subject in your local library.

The Question:

My father has been troubled for several years with ulcers on the legs. They heal for a short time, and then break open. Sometimes they do not swell for a month. Can you tell me what to do?

The Answer:

It is not possible to say definitely what is the trouble with your father's legs. Your description is very descriptive of varicose ulcers, a condition which is very common in persons of advanced years. The treatment of varicose ulcers, while not particularly difficult, is sometimes a very tedious affair. Rest in bed, in which the horizontal position of the legs helps the circulation, is often of great value. It is suggested that you discuss the matter frankly with your family physician, and, if necessary, have him refer you to some specialist for consultation.

The Question:

What can be done for near-sightedness? Can you give me the name of some medicine to make the pupils smaller?

The Answer:

The only remedy for nearsightedness consists in the wearing of glasses. While there are remedies which decrease the size of the pupil of the eye, they should be given only when prescribed by a physician. It is very dangerous to tamper with medicines which change the size of the pupil. Give all means ask your physician to give you the name of a reputable eye specialist whom you may consult.

EVERETT TRUE

By Condo

AS IT LOOKS TO ME
BY THE INKMAN

Washington, Sept. 11.—Howard Pigg and Miss Edith Strauss, who as generals in the Cost-of-Living fight of the department of justice have been telling folks generally what they should eat and wear in order to bring down the prices of necessities, may soon get a new slant on the domestic problems of the nation.

For Pigg and Miss Strauss are to be married. Questions heretofore dealt with in theory must soon be solved in practice. It is to be hoped that the public will not, with their marriage, lose the benefit of their services in further reducing the cost of living. Some means should be arranged by which it would be possible for the domestic economies resulting from their union to be presented for the guidance of the whole country.

It is said that one of the interesting discoveries of the couple, which served to draw them together, was the fact that one automobile hauling two people could be operated for half the cost of two automobiles hauling the same number of passengers. The result was that Pigg and Miss Strauss recently have used one automobile almost exclusively, and Miss Strauss' snappy roadster, with the two departmental experts demonstrating this method of reducing the cost of autoing, has been a familiar sight on Washington boulevards.

If in other ways they are able to prove the old adage that "two can live as cheaply as one," they should not in their new matrimonial happiness, withhold the recipe from the rest of us. Their marriage should, indeed, qualify them to serve more efficiently as cost-of-living experts than ever before.

E. H. Gary, chairman of the United States Steel Corporation, is a great movie fan. Not that Gary goes often to the movies. He doesn't. But he believes that movie audiences should know about the best cross-section of the public that can be found in any public gathering-place, and that the viewpoint of a movie audience is the safest index as to the viewpoint of the public generally.

During the recent steel strike Gary is said to have ordered a close watch kept on movie shows to see the drift of public sentiment. Particularly was he interested in the comparative applause that would follow when pictures of the great steel workers of the West were shown upon the screen.

POPULAR STAR COMING IN

"POOR WHITE" ROMANCE
Mary Miles Minter, popular young Reinart star, will be seen here in Cumberland Romance, which opens at the Eltinge theatre Monday for a two day run. The photoplay is an adaptation of the was-inating mountain idyll by John Fox, Jr., entitled "A Mountain Europa." Supporting Miss Minter are such wellknown actors as Monte Blue, John Bowers, Guy Oliver and Martha Mattox. Charles Maigne, known for his fine handling of "The Fighting Chance," and "The Copperhead," wrote the scenario and directed the picture, which is said to be one of the most artistic productions in which the gifted little artist has ever appeared.

A DANDY HOUSE BARGAIN
FOR SALE—A practically new five room bungalow, modern in every respect except bath tub, on blocks from post-office. Club. 9-11-1f

RYE ON STUBBLE
LAND INCREASES
HOPPER DANGERS

Agricultural College, N. D., Sept. 11.—That winter rye should not be sown in stubble in grasshopper infested areas is the opinion of Stewart Lockwood, Entomologist of the United States Department of Agriculture.

"Farmers in regions where the grasshoppers have already been troublesome should reduce their acreage of stubble as a field of winter rye planted in stubble attracts a great many of the insects and provides ideal conditions for the development of the grasshopper eggs in the soil. One farmer in Adams county told me that he plowed all of his land but 40 acres one fall, and on that 40 acres enough grasshoppers were produced to destroy the grain crop in the whole township. Last year we recommended a reduction in the acreage of rye planted in stubble as a means of fighting the hopper, and as a result the acreage was cut from 2,000,000 acres sown in 1917 to 300,000 acres sown in 1919."

FRECKLES AND HIS FRIENDS Alick is a Shrewd Business Man! BY BLOSSER

MEXICO MIGHT PURCHASE WAR CRAFT OF U. S.

Consider Buying Two Gunboats and Six Destroyers, Secretary Says

Mexico City, Sept. 11.—Purchase of two gunboats and six destroyers is being considered by the Mexican government, according to General Thayer, Secretary of War and Marine.

"I understand that destroyers can be bought from the United States government for \$20,000 each. In view of the success with which these small craft were used during the war, I believe that it would be advisable for the Mexican government to buy three for the Atlantic service and three for the Pacific."

General Calles and his staff are at work on a plan for universal military service, with which it is expected that the determined figure of 50,000 soldiers can be raised.

"I believe that the best military force is from 21 to 22 years," the War Minister said. "At this age men are least selfish and best able to get along with each other, regardless of the walks of life from which they come."

"In the meanwhile," General Calles added, "the making out of troops is progressing briskly and thousands of soldiers are being returned to civil life, where the government believes they can best serve their country by tilling the farm and manning the factories. The privates and the higher officers are cooperating in the movement. It is said, the only opposition coming from a few petty chiefs."

The earliest alters were turf mounds, large flat-topped stones, or other rude elevations.

PUBLIC'S AID IN CAR TIEUP IS REQUESTED

New York, Sept. 11. Cooperation of the public in meeting the nation's rail transportation requirements is asked by the Association of Railway Executives in announcing its program to secure maximum service from existing transportation facilities.

The association urges cooperation of the public and shippers to attain:

An average daily minimum movement of freight cars of not less than 30 miles per day.

An average loading of 30 tons per car.

Reduction of bad-order cars to a maximum of 4 per cent of total owned.

An early and substantial reduction in the number of locomotives now unfit for service.

More effective efforts to bring about the return of cars to owner roads.

AIDS TO BEAUTY FAILED TO LAND HIM IN CONGRESS

Washington, Sept. 11.—Here are some of the campaign expenses of C. H. Force, a defeated Missouri congressional aspirant, which he listed under oath in his expense account filed recently with W. Tyler Page, clerk of the House of Representatives.

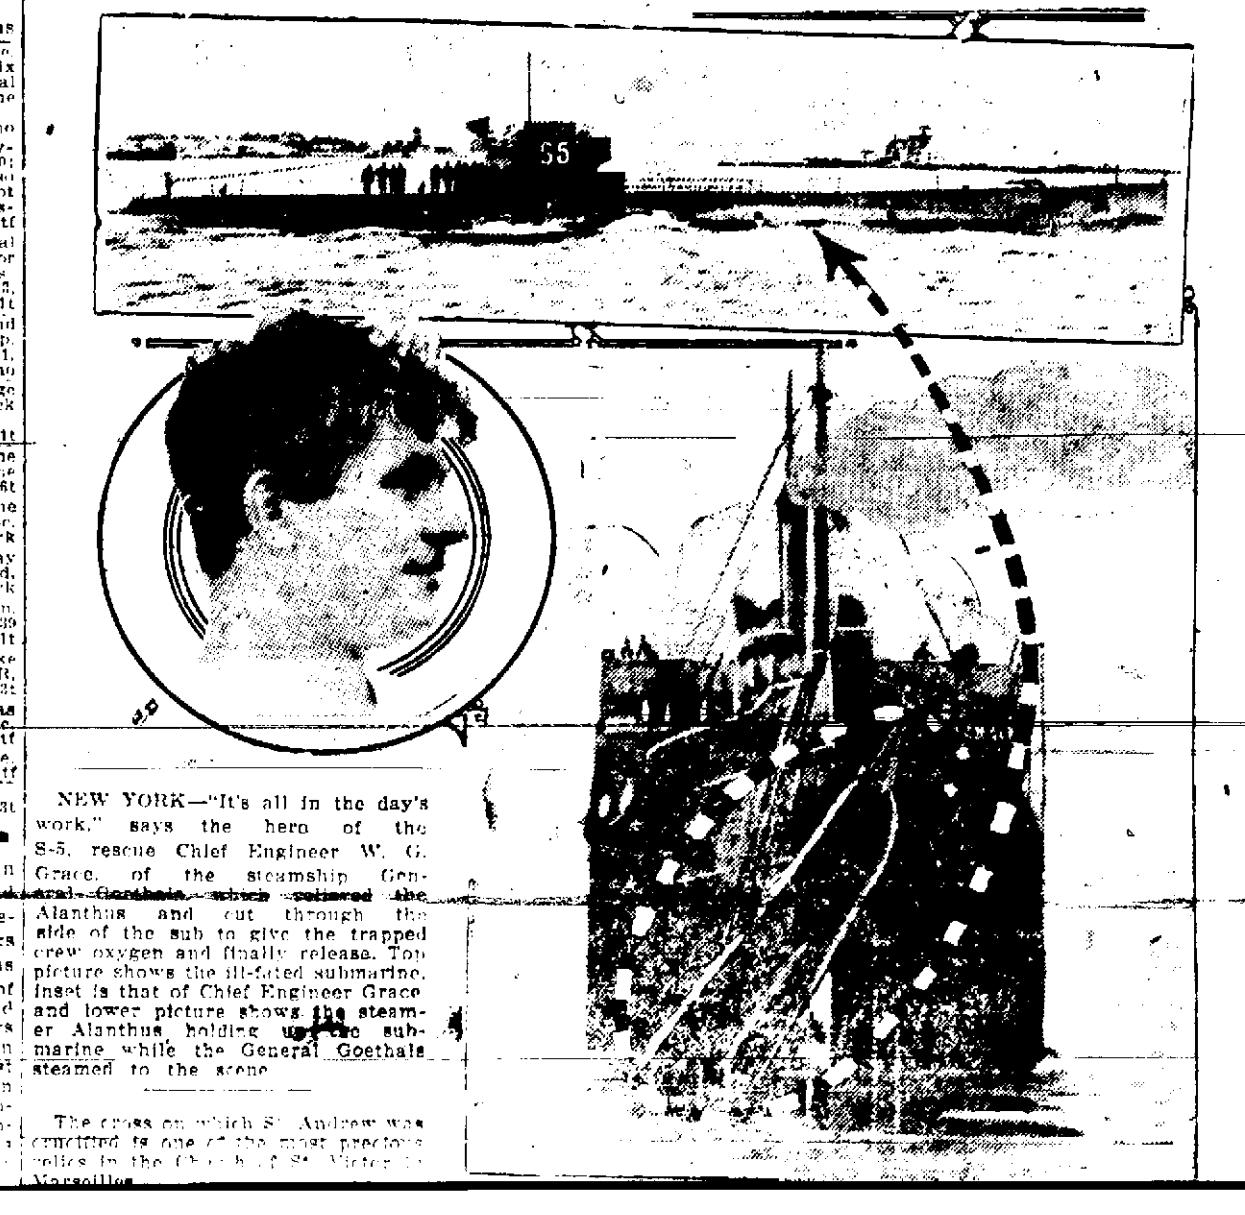

"August 1.—Postage for 25 letters to influential men in my district, telling that I was trusting to the kindness of the people and the mercy of God to elect me (both failed), 50 cents.

"August 2.—For professional services of a personal artist in shaping up the sandy whiskers of an influential son of Eric, 35 cents.

"August 3.—One jar 'face cream' to fascinating blonde for passing out my cards, 35 cents.

"August 3.—Another jar of face cream to charming brunette for passing out mine of my cards, 35 cents.

WOMAN MAKING HARD FIGHT TO GO TO CONGRESS
Miss Alice Robertson Makes a Vigorous Campaign in Oklahoma District

Marquette, Okla., Sept. 11. Miss Alice Robertson, formerly postmaster here, anti-suffragist and well known throughout the old Indian country because of her activities in both civic and executive enterprises, is waging an active campaign here as republican candidate for congress. Her district is the second congressional district of Oklahoma.

Miss Robertson had a field of four candidates in the primary for the nomination. Her final tabulation showing a close majority over the three men who contested with her. She will be opposed in November by W. W. Hastings, Democrat, who has represented the district the last three terms of his term.

The greater part of Miss Robertson's life has been devoted to the civilization of the Indian. Born and reared in the west, she was educated in the east for social and executive work among the Five Civilized tribes. Miss Robertson is a member of the National Association of Women's Suffrage and is a member of the Oklahoma Woman's Suffrage Association.

In the Tower of London is kept the golden annula, or another name for the coronation of Charles II.

Avonina was used in the earliest times only for the kings of England, France, Jerusalem and Sicily, and later of Scotland.

EVENTS AND GOSSIP FOR THE FANS

SPEAKER'S EYE IMPROVES; EVEN WITH G. SISLER

Merry Chase Among Batters of American League for Season's Honors

NICHOLSON IN FRONT

Chicago, Sept. 11.—Tris Speaker, manager of the Cleveland Indians, regained his batting eye during the past week, and tied George Sisler, the St. Louis star, for batting honors in the American league, according to averages released today and which include games of last Wednesday. Sisler and which Sisler went into a slump and dropped to .391, the mark which Speaker attained. Joe Jackson of Chicago stands in third place with an average of .394, while "Babe" Ruth, the New York home run king, is in fourth place with .375.

Ruth cracked out his 48th home run yesterday and broke the home run record held by Perry Werden of Minneapolis. He now is the greatest home run hitter of all time.

Speaker is leading the run getters with 14 runs to his credit while Rice of Washington is far in front in stolen bases with 49.

Other leading batters for 69 or more games: E. Collins, Chicago, .365; Moseley, New York, .346; Rice, Washington, .343; Judge, Washington, .342; Jacobson, St. Louis, .337; Hendryx, Boston, .337.

Hornish Still Behind
Nicholson of Pittsburgh has destroyed Hornish of St. Louis for batting honors in the National league. The sluggish Pittsburgh outfielder is hitting .387 while the St. Louis star slumped to .355 with Eays of Boston putting him with .351.

Williams of Philadelphia cracked out another homer and has brought his string to 14, while Carey of Pittsburgh continues to show the way to the base stealers with 4 thefts. Bancroft of New York is the best run getter with 89 tallies.

Other leading batters:
Young, New York, .344; Roush, Cincinnati, .340; J. Smith, St. Louis, .328; Stock, St. Louis, .323; Z. Wheat, Brooklyn, .323; King, New York, .321; Hollneger, Chicago, .318.

Williams of Toledo has better himself into second place in the American association with an average of .334, while Hartley of Columbus tops the list with .351. Hargrave of St. Paul and Brief of Kansas City remain in a tie for home runs with 20 each while Rapp of St. Paul is out in front in stolen bases with 43.

SPORT TIPS

WANT RACES.
Los Angeles, Sept. 11.—Sunny Jim Coffroth and Baron Long of the Los Angeles California Jockey Club are planning another big race meet at Tijuana. Long says Mexico has authorized the meet.

QUALITY NOX.

TRIES TO CONQUER ROUGH CHANNEL ON WATERCYCLE

LONDON—The English Channel, renowned for its roughness and for making people even on big vessels seasick, was braved by a woman on a bicycle—with a couple of floats! The picture shows Miss Zotta Hill and her watercycle on which she made a plucky attempt to cross the channel. She was forced to abandon the trip about three miles off the English coast.

en players under the club limit. He says why keep 'em around unless you need 'em.

DID JESS MEAN IT?
Wichita, Kans., Sept. 11.—When Jess Willard was in Florence, Italy, on all business some fan gave him the razz about his Dempsey undoing. Jess whirled on his tormentor and said, "I'll be a different story next time."

BLOWING BUBBLES!
St. Paul, Sept. 11.—One of the strongest cogs in the champion Saints' machine is "Bubbles" Hargrave. He has hit for nearly 250 bases this season, 20 of them being over the wall.

HALL OF FAME.
St. Paul, Sept. 11.—Pitcher Charley Hall of the Saints has taken his place in the hall of fame. He pitched a no-hit no-run game against Columbus on Aug. 26. The game was played in 70 minutes.

INSPIRING WIFE
Benton Harbor, Sept. 11.—Billy Mike says he always fights best when his wife is at the ring side. Mike's father, who is a St. Paul policeman, is also a great fan.

TAUGHT HERE; IS WITH AMERICAN OLYMPIC SQUAD

Geo. Kohns, 508 Seventh street, has received a letter from George T. Bresnahan, formerly a teacher in the Bismarck schools, stating that he is now with the American Olympic team making the trip to England.

The letter is dated August 9, at Antwerp, and in it he states that Belgium has made a marvelous recovery during the last 20 months. The work of reconstruction is being pushed along fast all through that stricken nation, he says.

Mr. Bresnahan taught history in

the local schools during the year 1916-17, and was something of an athlete himself, having made a good record at the University of Wisconsin.

PENNANT CHASE TIGHTENING IN MAJOR LEAGUES

Brooklyn Gains Three Points on Cincinnati in National League

New York, Sept. 11.—The major league pennant chasers underwent no change of position in yesterday's games for the first time this week. The Brooklyn National league leaders gained three points on Cincinnati and New York, both of which did not play while the New York Americans obtained revenge on the Cleveland leaders for yesterday's defeat.

The Indians have no game advantage over Chicago, which won from Boston, and are only three percentage points ahead of the White Sox. The Yankees are eight points behind Cleveland, and if they win the odd game of the series today they will possess a half game advantage on the Indians, but by a freak of the scores will be one point behind them.

The ability of the Brooklyn Nationals to come through with a four-run rally in the eleventh inning yesterday to win from St. Louis, after tying the westerners in the ninth, shows that the Superbas are imbued with a fighting spirit that will stand them well in the close race.

Brooklyn's fourth straight victory put them a full game, or four points ahead of Cincinnati, and three games or 22 ahead of New York.

AMERICAN LEAGUE
Ruth Gets 48th
Cleveland, Sept. 11.—New York beat Cleveland, 6 to 1. Caldwell was hit hard, all the runs being scored off him. This and Mails were effective, each striking out Ruth once. Ruth, however, made his forty-eighth home run of the season when he hit the ball over the right field wall in the first, with a runner on first. Shawkey was effective all the way.

Score: R. H. E.
New York... 201 300 000—6 12 1
Cleveland... 000 000 100—1 6 4
Batteries: Shawkey and Hannah; Caldwell, Mails and O'Neill.

Pinch Hitter Wins
Chicago, Sept. 11.—Eddie Murphy, batting as a pinch-hitter with the bases filled and one out in the eighth, made it possible for Chicago to defeat Boston, 5 to 3, Friday.

Score: R. H. E.
Boston... 000 010 110—3 7 3
Chicago... 000 000 23x—5 9 0
Batteries: Pennock, Hoyt and Schang; Faber and Schalk.

Tigers Win Two
Detroit, Mich., Sept. 11.—Detroit won both games from Philadelphia, 4 to 0, and 5 to 2. The visitors were out in both contests.

Score: R. H. E.
Philadelphia... 000 000 000—0 4 1
Detroit... 102 010 00x—4 10 0
Batteries: Rommel and Perkins; Ayres and Mahlon.

Score—Second Game: R. H. E.
Philadelphia... 000 000 011—2 7 3
Detroit... 002 012 00x—5 9 1
Batteries: Keffe and Perkins; Morrisette and Stangas.

NATIONAL LEAGUE
Dodgers Take One
Brooklyn, N.Y., Sept. 11.—Brooklyn defeated St. Louis, 9 to 8, in 11 innings and strengthened its hold on first place. Marquard held the Cardinals to three hits in six innings, one of which was a home run over the right field wall.

Score: R. H. E.
St. Louis... 010 000 400 03—8 12 2
Brooklyn... 300 000 002 40—9 15 2
Batteries: Schupp, Sherdel and Clemmons; Dilhoefer, Marquard, Smith, Pfeiffer and Miller.

Outfielder Stars
Philadelphia, Sept. 11.—Pittsburgh beat Philadelphia, 8 to 3. Hubbell was hit hard and supported poorly, except that Williams' one hand runner catch in the fifth robbed Whitted of a home run and was one of the best outfielding performances seen here this season.

Score: R. H. E.
Pittsburgh... 200 112 110—8 14 2
Philadelphia... 000 200 001—3 8 3
Batteries: Cooper and Schmidt; Hubbell, Enzmann and Traggesser.

AMERICAN ASSOCIATION
Toledo, Sept. 11.—Toledo pounded Sherman, Pechous and Barger plentifully and won from Columbus, 12 to 9. The locals scored ten runs in the second inning. The visitors found Nelson in the eighth, but the rally fell short, Brady being called to the rescue.

Score: R. H. E.
Columbus... 110 100 150—9 13 2
Toledo... 010 110 00x—12 14 2

BASEBALL

Batteries: Sherman, Pechous, Barger and Deufel; Nelson, Brady and Woodhall.

Indians Beat Colonels

Louisville, Sept. 11.—Indianapolis defeated Louisville, 6 to 3. Both Graham and Gaw were hit hard, but the latter was stronger in the pinches. The batting of Henline, who got four hits in four times at bat, was a feature.

Score: R. H. E.
Indianapolis... 013 010 101—6 14 1
Louisville... 101 000 001—3 13 3
Batteries: Gaw and Henline; Graham, Estelle and Kocher.

Tony Clouts Feature

Milwaukee, Sept. 11.—Extra base hitting featured Friday's game which St. Paul took from Milwaukee, 5 to 3. Bengtson and Duncan were ordered from the field for arguing with umpire Knapp over a foul ball in the third inning. Hargrave hit a homer and Haas got a homer, a triple and a single.

Score: R. H. E.
St. Paul... 112 000 212—9 11 0
Milwaukee... 000 012 000—3 8 2
Batteries: Griner and Hargrave; Nortrop and Staylor.

PRISONERS USED GOOD JUDGMENT

W. E. Lahr, president of the Lahr Motor Sales Co., believes the prisoners who escaped from Hebron Labor day used excellent judgment in picking out an Overland in their dash for liberty. He attributes the fact that they are still at large to the speed endurance and road ability of the car. In an interview to a Tribune reporter, Lahr said:

"The two convicts who made their get-away last Sunday at Hebron, evidently showed good judgment when they picked out an Overland car among all other makes that stood on the street, for they are still at large."

years old.
The big maple stands in the Cook county forest preserve near Glenview. Ransome Kennicott, chief forester of the preserve, who recently examined the tree and computed its age, found that, while the heart was dead, the exterior was sound and the tree capable of lasting many more years. So far as known the tree is the oldest living thing in Illinois, according to Mr. Kennicott.

The Order of the Thistle dates from 1087; it is limited to the King of England and 16 knights.

In the early part of the nineteenth century, Boston used to celebrate Artillery Day a week after a new governor was elected.

It is believed Queen Ann instituted the meetings of royalty at the Ascot races, on August 6, 1711.

What Is the Condition of Your Blood Supply?

For this purpose, no remedy can equal S.S.S., the fine old blood purifier that has been in constant use for more than fifty years.

Get a bottle of S.S.S. at your drugstore today, and note how promptly it gives new strength and vitality. Write for free literature, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust.

Did you know that ninety per cent of all human ailments depend upon the condition of your blood? You should recognize the importance, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust.

START OF CLASSIC MARATHON

Captured by H. Kolehmainen, a Finn, Who Set New World's Record in His Jog of 26 Miles—Athlets of Finland Made Wonderful Showing, Taking Eight First at Antwerp

Above—Start of marathon runners in Olympic games classic at Antwerp stadium. Inset (right), the winner, Hannes Kolehmainen, wearing his crown of olive leaves.

Old world history of the Olympic games, replete with its legends, still continues to make the classic marathon event one of the most interesting of the world athletic meet.

To the winner of the marathon race goes the honor of being crowned with a wreath of olive leaves. Finland's great showing in this year's games is almost phenomenal. The little country, sometimes called the Land of Lakes, is smaller than the state of Montana and its population is less than the city of Chicago.

This year Hannes Kolehmainen, the great Finn runner, picked off the world honor. He jogged the 26 miles in 2 hours, 32 minutes and 35 2/5 seconds, setting a new Olympic record.

In 1912 Kolehmainen won three events at Stockholm, after which he came to the United States. It is reported he will return to this country following a tour of Europe this fall.

Finland's great showing in this year's games is almost phenomenal. The little country, sometimes called the Land of Lakes, is smaller than the state of Montana and its population is less than the city of Chicago.
